REPUBLICANISM IN LOUISIANA.

We have yet to hear of the man, no matter how partisan he may be, who will deny that with a fair vote and a fair count Louisiana is Republican by a large majority. For all practical purposes, however, it is not so. The causes that bring about its Democratic solidity are well known. At present the Republicans are much deprived of their rights of citizenship, as we understand them, as if they were the most degraded serfs in all the domain of the Czar of Russia. They have been placed in a servitude that would not be more galling if the chains of the most pronounced despotism were fastened on their limbs. For their Republicanism they have been persecuted with persecutions as terrible as were the Children of Israel in the old Biblical ages long ago by. Threatened, beaten, maltreated, shot down in cold blood, hunted like wild beasts through swamps and morasses, they still have within their bosoms a love for the old party which even death can not destroy. For a time it has been cowed, but once more it is rising and asserting itself. Once more a party organization is in existence and one more canvass will be made for the perpetuity in that savage land of the principles of eternal truth and justice. God only knows what the result will be. He in His wisdom only knows how many a Republican will welter in his blood before the November of 1880. The Republicans there fully understand the consequences of their conduct, but with a courage deserving of all success, they have resolved to make one more attempt to be free.

The State ticket they have in the field now is irreproachable as candidates go, and is far superior to that nominated by the White-Leaguers. One potent argument that has hitherto been wielded by the Democracy and second only to their shot-guns and muskets was, that the Republicans never nominated any but "corrupt carpet-baggers" and ignorant negroes. From the use of this in the present canvass they are most effectually debarred. The men who to-day are the chosen leaders of the Louisiana Republicans are the peers of any men in the whole land and would honor the very highest stations. Hon. Taylor Beattie, who heads the ticket, belongs to one of the oldest, richest, and best families in all Louisiana. He was a large slave-owner previous to the war, and is honorable by marriage to a family as honorable as his own. He was a gallant officer in the Confederate army, but when the war was over accepted the situation and returned to his old plantation. Too gallant a man to endorse Louisiana Bourbonocracy he became a moderate

Republican, and has filled the office of Judge in his own District for several years. Rich, well educated, of splendid abilities, he is a better man every way than his opponent. Hon. James M. Gillespie also springs from an honorable family. He was educated at the North, and is one of the richest land owners in all the South. When informed of his nomination, he refused to accept because, as he says: "If George Washington was on earth he could not succeed against the very peculiar tactics of Louisiana Democracy." Since then he has reconsidered the matter and is now engaged in an active and energetic canvass.

The candidate for Attorney General is Judge Don. A. Pardee, a native of Ohio, but since the war a resident of New Orleans. He is a jurist of the highest rank, and such is the confidence placed in his legal knowledge that he was elected to the Constitutional Convention in a Democratic district over ex-United States Senator Eustis.

The candidate for Auditor is Mr. Claudias Mayo, a native of Louisiana, a man than who on none has a better commercial standing. He is a moderate Republican, but has never been in politics. The only colored man on the ticket is Mr. James D. Kennedy, candidate for Secretary of State. He is said to be a man of education, and makes a clear cut, logical speech, and is, moreover, well qualified to fulfill the duties of the office he aspires to.

Dr. F. M. Bonanzo, candidate for Superintendent of Public Education, has lived in Louisiana since his infancy, and is regarded as a light in his profession, and is well-read and wealthy. He has charge of the Charity Hospital in New Orleans, and before the war was Superintendent of the Mint in that city.

These men, the facts concerning whom we obtain from the New York Times, form a combination that is not to be excelled. They make a ticket strong in every attribute that a ticket should be strong in, and if the shot-gun and tissue ballot could be eliminated from the problem, would carry the State by an overwhelming majority. As it is, the issue is in doubt, and we can not be very sanguine of their success.

THE OLD DOMINION DEBT.

Richmond will be the theater this winter in which a drama will be presented as all-absorbing and interesting as the one put on the boards last winter at Nashville. The two principles which are as old as the world, honesty and dishonesty, will meet on the floor of the Virginia Legislature and join in battle. In the first encounter, in the preliminary skirmishing, the latter will certainly have the advantage, but we are led to hope that in the final engagement the former will be the victor. We hope this, not only on account of an interest in Virginia's honor, but also on account of the effect it will have on the final settlement of Tennessee's debt. Dishonesty is something like small-pox, it is very contagious, and also because the marks of the disease are very hard to eradicate.

The Repudiators have been so successful that they have a majority in the Legislature over the Debt-payers and Republicans combined. This will insure the repeal of the McCulloch law; but Gov. Holliday, who has all along taken strong ground in favor of the debt question, will in all probability veto the bill, and then the Readjusters will be lost, as they cannot by any means drum up a two-thirds vote, unless the two or three important State offices under their control can be used to quiet the consciences of some of the Conservatives. After the next gubernatorial election it is probable that a Readjuster will be elected, and then the dishonest leaders will have their own way. The present Legislature also elects a United States Senator, and there will be a strong fight over this, in which the Republicans and Conservatives will unite and thus prevent the election of a Repudiator to the Senate, as in this case it is believed that a sufficient number of the Readjusters will vote against General Mahone.

The total debt of Virginia in 1863, when the State of West Virginia was formed, was about \$45,000,000. Now it is much more on account of the accruing of the interest.

Of this amount, \$15,000,000 was very arbitrarily set off as West Virginia's portion, although the internal improvements, for which the debt was contracted, were made almost altogether in the old State. West Virginia is only willing to assume about \$1,500,000. We will await the developments with much interest.

Ladies

Do you want a pure, blooming complexion? If so, a few applications of Hagan's MAGNOLIA BALM will gratify you to your heart's content. It does away with sallowness, Redness, Pimples, Blotches, and all diseases and imperfections of the skin. It overcomes the flushed appearance of heat, fatigue and excitement. It makes a lady of THIRTY appear but TWENTY; and so natural, gradual, and perfect are its effects, that it is impossible to detect its application.

Ayer's Sarsaparilla

For Scrofula, and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Eruptions and Eruptive diseases of the skin, Ulcerations of the Liver, Stomach, Kidneys, Lungs, Pimples, Pustules, Boils, Blotches, Tumors, Itch, Salt Rheum, Scald Head, Ringworm, Ulcers, Rheumatism, Neuralgia, Pain in the Bones, Side and Head, Female Weakness, Sterility, Leucorrhoea, arising from internal ulceration, and Uterine disease, Syphilitic and Mercurial diseases, Dropsy, Dyspepsia, Emaciation, General Debility, and for Purifying the Blood.

This Sarsaparilla is a combination of vegetable alteratives—Sillitopia, Mandrake, Yellow Dock—with the Juices of Potassium and Iron, and is the most efficacious medicine yet known for these diseases it is intended to cure.

Its ingredients are so skillfully combined, that the full alterative effect of each is assured, and while it is so mild as to be harmless even to children, it is so effectual as to purge out from the system those impurities and corrupting humors which develop into local diseases.

The reputation it enjoys is derived from its cures, and the confidence which competent physicians all over the country repose in it, prove their experience in its usefulness.

Certificates attesting its virtues have been accumulated, and are constantly being received, and as many of these cures are published, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alternative medicine. So generally is its superiority to any other medicine known, that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.
